

THE EDGBASTON
BOUTIQUE HOTEL AND COCKTAIL LOUNGE

COCKTAIL MENU

Welcome to the Taste of Birmingham Menu!

Horizontal or Vertical? That's the question you need to ask yourself. Our 2017 menu allows you to drink by style of drink (vertically) or point of interest (horizontally). If you're feeling daring... just roll the dice and let Birmingham show you what it's all about!

You can read it vertically:

Jewellery - Drinks with a Bit of Fizz
Arts - Fun and Fruity Libations
Textiles - Citrus-Forward Zingers
Glass - Boozy, Vermouth-y and Clear
Metals - Aromatic Juleps and Smashes
Great Minds - Rich, Indulgent and Full of Intensity
Confectionary - Pudding Cocktails for Late Evenings

Or you can read it horizontally:

Familiar - Flavours we all know and love
Nostalgic - A reminder of days gone by
Scientific - The fruits of our laboratory
Unusual - Exciting new flavours and experiences
Light - Lower booze content, equally enticing flavour
Soft - Virgin drinks without the devil's sauce

Alternatively, let our award-winning team mix you something bespoke!

Please ask your host to see our Captain's List of Spirits or our Food, Beer and Wine Menu. For the intrigued, delve with anticipation into the Little Black Book!

THANK YOU

for making The Edgbaston your drinks destination of choice.
