

THE EDGBASTON

COCKTAIL MENU

A Bartender's Guide to Drinking for The Fun of It

In the following pages we have strived to bring you the best flavours to deliver sensational mixed drinks. Each offering has been individually developed with the freshest produce and finest spirits. If you want to know more information about your chosen cocktail, please do not hesitate to ask!

Please note that we don't have a "virgin" page. We've decided to just tell you the cocktails that are available as Non-Alcoholic (NA)! This doesn't mean we've just stripped the booze out, we've strived to use modern bartending techniques that allow us to deliver the same complexity as the alcoholic serve.

Alternatively, you can let our award-winning team mix you something classic or bespoke!

We have a great selection of Food, Wines, Beers & Champagne that should cater to any palate; this selection changes regularly so please ask your host or bartender for the current list.

All service is tableside, so please make yourself comfortable, relax and one of our team will be with you shortly...

THANK YOU
for making The Edgbaston your drinks destination of choice.
